

Scope of application:

- Decorative lighting of long corridors and stairs.
- Building decoration lighting.
- Interior decoration lighting.
- Edge, contour, sign lighting.
- Window lighting.
- Tourism, projects, performances, exhibition lights decorative lighting.
- Engineering applications that require long-distance links and are not convenient for wiring.

Feature:

- AC230V/AC120V directly input, no need adapter.
- 2835 Gold wire+copper fixture LEDs, CRI>80
- 50meter per reel, save installation cost
- Can be cut short, to meet different length requirement
- CE, RoHS Approved, 3 years warranty
- IP67 design, Full encapsulation, can work outdoor.
- Used Silicon material, UV resistance

Product size:

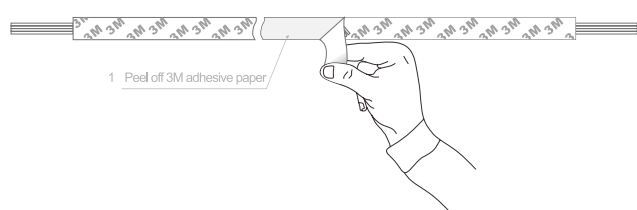

Product parameters:

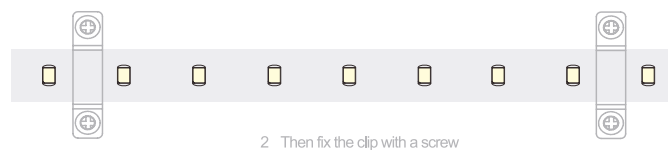

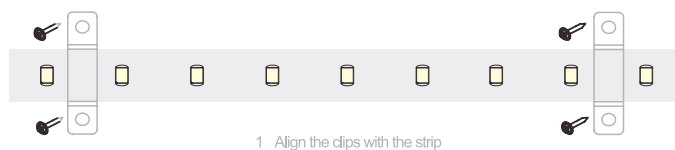

Referencia	Color	Voltios	Wattios x metro	Wattios x tira	Medidas mm. L x An x Al	Lúmenes x metro	Distancia de corte mm	LEDs x metro	LEDs x tira
LHE230C120	BLANCO 3000	230 V	12	60	5000 x 14 x 5	1200	50	120	600
LHE230W120	BLANCO 4500								
LHE230B120	BLANCO 7500								

Installation:

1). 3M glue installation

2). Clip installation
